

Measuring Instructions for your Judicial Gown

1 To measure your robe length:

Start at the nape of the neck; go down the center of your spine to where you would like the hem to be.

Mid-calf is standard.

2 To measure your shirt sleeve length:

Begin with your arm at your side. Start measuring at the nape of the neck; then go to the shoulder tip and then down to the wrist. This will be one long, continuous measurement.
